The Kit membership covers both “Single child” and “Multi-child” plans. Refer to Kit pricing at heykit.com.au/pricing.

Eligible customers are able to access their unique promotional code in the CommBank Yello hub within the CommBank app. New Kit customers will need to apply the code when setting up an account with Kit through the Kit app. Existing Kit customers will be able to apply their code via settings in the Kit app.

Customers must activate the offer using the unique promotion code to receive the benefit.

Any changes to your CommBank Yello eligibility will not affect the Kit membership once you have redeemed this offer. If you do not wish to use your code, you can choose to gift your code to someone else. Your code can only be redeemed once for its entire value. To be eligible to redeem the Kit offer, you require a valid Australian residential address.

For eligibility rules for benefit sets see [CommBank Yello Terms and Conditions](#).

Kit will refer CommBank customers to the CommBank app or to visit a CommBank branch for enquiries relating to the CommBank Yello benefit eligibility and CommBank Yello experience. Before the end of your 12 month free membership period Kit will contact you to remind you of your next fee charge date and amount
