Target Market

The Kit Card and Account, non-cash payment product is a virtual account linked to a prepaid Visa card. The Kit Account cannot itself be used to purchase goods and services and withdraw cash; it can only be used to transfer value onto the Kit Card.

Eligibility criteria for the product

Customers will need to satisfy certain eligibility criteria to maintain this product. Customers must:

- Be an individual.
- Be aged 18 years or older to apply for the account
- Have a valid Australian residential address (including parent/guardian)

Objectives & Needs

This product is targeted at consumers with the likely objectives, financial situation and needs of wanting:

- A virtual account to pre-fund for another individual (likely 5-14-year-olds)
- Access to a prepaid card to make purchases with an internationally branded scheme such as Visa
- To save money in an account without the ability to access interest on their balance
- To manage access to funds available in the account or on the prepaid account through spend limits, merchant blocking and card management

Objectives and Needs	Product Attributes
A virtual account to pre-fund for another individual (likely 5-14 year-olds)	The account issued by Hay Ltd is a virtual account. A Non-cash payment product issued by Hay Limited is a fully digital transaction account that allows retail Clients to access

	<p>their funds on demand.</p> <p>Kit requires a parent/guardian over the age of 18 years old to take out the product, the virtual account and prepaid card are then created for each individual that the parent/guardian nominates to set an account up for.</p> <p>Access is only possible by card, app, BSB and Account number and does not have a access through a branch network. This means retail clients cannot make cash deposits or other withdrawals from the account via a physical branch except by using a card at an ATM where Visa pre-paid or debit cards are accepted.</p> <p>The Kit financial product is supported by the Kit app which provides financial education content. Kit's app and educational content are targeted to users 5-14 years old.</p>
Access to a prepaid card to make purchases with an internationally branded scheme such as Visa	Hay Ltd issue a prepaid Visa card for each account set up.
To save money in an account to facilitate short term savings goals for planned purchases without the ability to access interest on their balance	<p>Each Kit account is established with a dedicated sub-account for the purpose of saving in a segregated account that does not earn interest to the virtual transactional account.</p> <p>No interest can be earned on the funds deposited in the account.</p>
To manage access to funds available in the account or on the prepaid account through spend limits, merchant blocking and card management	<p>Controls within Kit makes the parent/guardian the owner/controller of the account, there are actions only the parent/guardian can take on the account.</p> <p>Spend control and merchant category code limitations:</p> <ul style="list-style-type: none">• The card program prohibits spend at unsuitable or inappropriate merchants for the Target Market to reduce harm.• The card program has limits in place for the account balance and daily spend.• Additionally, account owners can further restrict spend by merchant to customise the product to suit their needs.• Account owner can impose daily spending limits to suit the product to their needs.

Financial Situation:

- At the time of application, the person has the right to open a prepaid account and has access and

2

the ability to transfer funds in Australian dollars to preload the facility, pay fees and is not looking to earn interest.

Appropriateness Statement:

The issuer, Hay Limited, has considered that the product is likely to be consistent with the likely objectives, financial situation and needs of the Target Market as:

- Customers can fund the account, to save and/or spend those funds through a prepaid card accessing Visa network; and

Customers can manage access to the funds through spend limits, merchant blocking and card management.
